Senko Frame project presents:

"27.11.07 13:49"
by Berit Dröse

Date: August 9th 2008 – August 30th 2008
Open: 21-23 Monday-Sunday.

"27.11.07 13:49" is a videoinstallation. It shows a graffiti sprayer, who slowly covers a window with orange spray colour, until he finally disappears behind his own creation. By spraying this invisible, since fictional window on one hand, on the other hand the video is projected on a real window. By melting these two levels together, the installation creates a whole new space, which only emerges in the viewers awareness.
